

WELCOME

Hi, I'm Aleyshia McGrigor

and I am an Outdoor Family Photographer in Darwin's rural area.

I like to think of my style of photography as natural, enjoyable, creative, and full of all the right emotions.

I am a Mum of 3 girls. My first born daughter Mia passed away in 2017, and I treasure every image I have of her. It is from here that my love for photography began – you could say she sparked my passion.. I then went on to have 2 more girls, who are probably beyond sick of having their photos taken, but I don't regret a single forced photo, and I know some day they'll thank me. These images tell my family's story, and that is something I will hold close forever.

Becoming a Mum has taught me so many things. It's taught me patience, it's taught me that time can go ever so fast, yet ever so slow. Its taught me that sometimes wine at midday is completely acceptable – and is always better with friends!

But above all, it has taught me how important it is to just stop, and be in the moment. To cuddle, to laugh, to live. To soak up those beautiful moments with the ones you love.

It would be my pleasure to capture these moments for you and your family.

Aleyshia xx

SPECIALISING IN

MATERNITY

NEWBORN

FAMILY

What to expect from a session

I know you're nervous, and feeling like you will be super awkward in front of a camera, but I promise you that some of the first things I hear from my families straight after their session is "that was so much easier than I thought it would be" and "that was actually so much fun".

A session with me, isn't a posed, formal, awkward thing. You'll explore! You'll laugh! You'll love! And you'll spend an hour of unplugged, quality time with your favourite people.

Trust the process, and let me take the lead. I promise you, your session experience means as much to me as it does to you.

Location

What better place for your backdrop than the Territory!

The wet season brings moody skies, lush green grasses, and flowing creeks. With the dry season bringing brown grasses, smokey sunsets, and golden glows. There is never a bad time of year for a session!

I spend a lot of time finding exclusive locations around the Top End and am primarily shooting around Darwin's rural area. I love exploring this beautiful place we call home, so no location is ever really off the cards!

I also offer newborn sessions in the comfort of your own home.

Styling

I have sourced gowns from all over the world to ensure they will compliment all body shapes, sizes (8-22), skin tones and maternity bumps. Access to client closet is complimentary with your session.
